Thanks very much for your interest in Sprinkler Head Caps from Markers Inc.

Our goal is to provide the highest OEM quality caps for your Replacement Cap needs. To do that, we need some specific information. Please complete the attached forms identifying the following:

1. Brand and Model # of Sprinkler system, eg; TORO 760
2. Desired Cap Color, eg:Black, White, Yellow, etc.
3. Desired # Color, eg: White, Yellow, etc.
4. Determine distances needed, eg: Single, Two, Three
5. We suggest organizing Cap requirements by Hole #
(This will also make your installation process much easier).
6. If you require a Single distance, place the # in the Center column.
7. If you prefer multiple distances, place the #'s in the corresponding Back, Center or Front columns.
8. If you require special or multiple colored #'s, please note that in the Notes area, at the bottom of each sheet.

And, of course, please Print or Type the Course Name, Address and Contact information in the designated areas. If you prefer response via FAX or Email, please note that in the Notes area.

We will provide you with a formal quotation within One Business Day.

Thank you again, for your interest and your business!
