Custom 8" x 5½" Dye Sub Practice Green Flags

- Fits 1/2" flagsticks
- Sets of 9

The Dye Sublimation process heat sets UV protected inks directly into the Dacron material to achieve exacting imagery and the highest quality print capabilities. This process transforms the white Dacron material into the colors of your design, penetrating over 60% of the fiber, enabling a reverse image show-through, resulting in a GREAT looking flag.

30% off

Note: Editable EPS, JPEG, PDF files preferred.
