New Options for 2019

Custom Dye Sub Flags

Create awareness for your charity/event
You design'em - We make'em

There are no limits to what we can create for you because the DyeSublimation process heat sets UV protected inks directly into the fabric to achieve exacting imagery and the highest quality print capabilities. The process transforms the white Dacron material into the colors you design, penetrating over 60% of the fiber, enabling a reverse image show-through, resulting in GREAT looking flags.

21" PoleWrap Decal and/or Honor Tag Medallion

Two ways to add your own personal touch, with an event/charity logo, a sponsor's name or logo, a dedicated tribute or honorarium for a special person or hero and so much more ...

four color process decals

You design'em - We make'em

Easy to Apply

Peel decal from backing sheet

In honor of
Sergeant Steve King

Lay decal face down on table

Lay flag pole #2 next to decal in position as shown

Roll the pole over the decal until pole is covered

In honor of
Sergeant Steve King
Smooth out with towel - DONE!

#21-DECAL

Brand the event sponsor

Dedicate your hero

single side #TAG-1
double side #TAG-2

Stock Backgrounds available

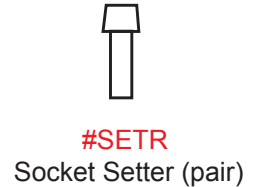

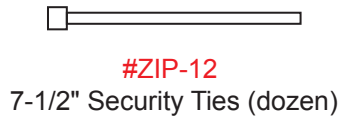

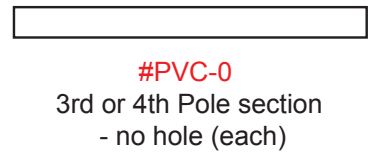

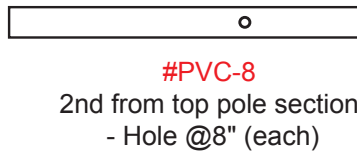

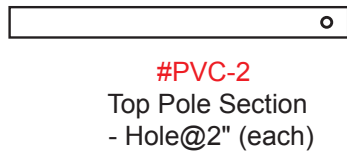

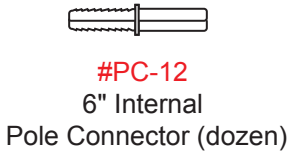

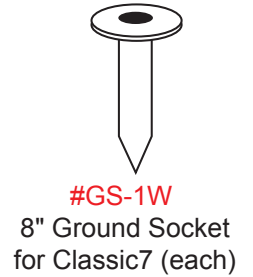

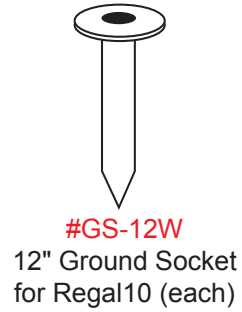

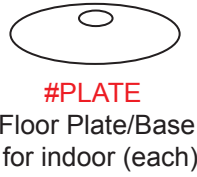

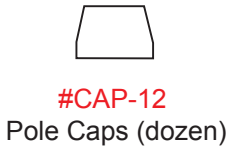

four color process decals
You design'em - We make'em

Each flag or decal in your order can all be the same or individually personalized...

It's easy as:

- (1) Send editable (jpeg, pdf, eps) art files to flagart@markersinc.com
- (2) We create proofs for all flags and/or decals
- (3) Once approved we produce & ship your order in 7-10 business days
